The Message from the Director

It is with pleasure that I present the Annual Report of the Postgraduate Institute of Medicine for the year 2011.

This organization is an educational institute set up in 1980 under the PGIM Ordinance No 1 of 1980 made under the provisions of the Universities Act No. 16 of 1978 as an institution of University of Colombo. This institute has grown in stature to emerge as a national organization involved in training and boar certification of medical and dental specialists. As such it has an important role in providing human resource requirement for the state health services, universities, armed forces and the private sector. The activities of the institute are funded by the Treasury and self-generated funds.

In order to cater to increasing demands for training and to improve the quality of services there is a need for expansion of academic activities, library and expansion of academic staff.

In the year under review, several new academic programs were initiated under several Boards of Study. Several new study programs are being designed. I wish to appreciate the commitment by the members of the Board of Management, the Boards of Study, Specialty boards, Examination boards, and the staff of the different departments of the PGIM.

Vidyajyothi Professor Rezvi Sheriff Director/PGIM Senior Professor of Medicine University of Colombo

Date : 30-06-2012

1.1 Vision of the PGIM

To be an internationally recognized centre of distinction producing specialists and other professionals of high caliber to meet health needs of the country, region and contribute to world health.

To be an academically, financially and administratively independent institute working towards eventually acquiring university status.

1.2 Mission of the PGIM

To plan and develop, implement, monitor and evaluate postgraduate academic programs required to produce specialists and other professionals of the highest quality, competence and dedication in order to provide optimum and humane health care to the people of Sri Lanka, the region and the world.

2. Objectives of the PGIM

To:

- 1. Produce health manpower of high quality and sufficient quantity to meet the national demand.
- 2. Maintain and improve skills and competencies of health personnel through continuing education.
- 3. Innovate and design methodology that will facilitate continuing education of medical personnel.
- 4. Inculcate constructive attitudes and promote the habit of self learning among medical personnel.
- 5. Promote the use of available resources and appropriate technology with regard to postgraduate education.
- 6. Inculcate the concept of using a health care team approach in solving health problems.
- 7. Evaluate medical education programmes in order to obtain information with regard to flaws and pointers to improvements.
- 8. Arrange in-service programmes where preventive and curative care and nursing care are well integrated.
- 9. Develop collaboration with institutions abroad in order to promote development of high standards of postgraduate medical education in Sri Lanka.

2.1 Historical Background

Medical education in Sri Lanka commenced in 1870 with the establishment of the Ceylon Medical College, which after 7 decades became the Faculty of Medicine in 1942 when the University of Ceylon was established.

The first ever postgraduate medical examinations conducted by the University of Ceylon were the MD in Medicine and the MOG in 1952 and the MS (Surgery) in 1953. There was no organized postgraduate teaching or training of any kind. At the time, training in medical specialties at a postgraduate level had to be done in the U.K. and the diplomas, such as, MRCP, FRCS, MRCOG, MRCPath, MRCPsych, etc. of the Colleges in the UK were recognized for consultant appointments.

The Advisory Committee on Postgraduate Medical Education recommended to the government in 1973 that a supervised in-service training period of 3 years followed by an examination should replace the existing scheme of training abroad. Accordingly, the Institute of Postgraduate Medicine was established in 1976 under the provisions of the University of Ceylon Act No. 1 of 1972 and was attached to the University of Colombo. It was formally inaugurated on 2nd March 1976 by Dr. Halfdan Mahler, Director General of the WHO. Professor K.N. Seneviratne was appointed as its first Director.

However, the work of the newly set-up Institute was handicapped since various examinations of the Colleges in the UK continued to be conducted in Colombo and doctors preferred these to the examinations of a newly formed Institute. On reviewing this situation, the government decided to stop holding foreign examinations in Sri Lanka and to grant full recognition and preference to the postgraduate degrees of the Institute with effect from 1st January, 1980.

The Institute of Postgraduate Medicine headed by Professor K.N. Seneviratne was replaced by the Postgraduate Institute of Medicine in 1979 under the provisions of the Universities Act No. 16 of 1978. Accordingly, the PGIM Ordinance No. 1 of 1980 made under the provisions of the Universities Act referred to above came into force on 10th April, 1980. Dr. S.A. Cabraal was the first Director. He was succeeded by Professor R.G. Panabokke, Dr. J.B.Peiris and Professor Lalitha Mendis. The Boards of Study for various specialties in Medicine were reorganized and courses of instruction and examination were arranged for different specialties.

The PGIM works in close collaboration with the Ministry of Higher Education, the Ministry of Health, Faculties of Medicine of the Universities and Professional Colleges. The Board of Management consist of the Secretaries of the Ministry of Health and Ministry of Higher Education and representatives of the Ministry of Finance, the Chairman/UGC, the Director General of Health Services, Deans of all Faculties of Medicine and eight nominees by the University Grants Commission from among the distinguished professionals in the country.

3. Vice Chancellor's Review

a. Brief introduction:

The PGIM was established by the PGIM Ordinance No.01 of 1980 and was affiliated to the University of Colombo. This Institute is providing instruction, training and research in a range of specialties and sub-specialties in Medicine. The PGIM is training both medical and dental graduates for the award of the degrees of Doctor of Medicine and Master of Science and Postgraduate Diplomas and Certificates. The trainees after graduation and further training are board certified as specialist doctors.

b. Achievements:

The PGIM has been contributing immensely during the past thirty years towards the development of specialist doctors needed by the country.

c. Limitations and Justification:

Lack of building facilities, non-availability of land for expansion and noncreation of senior academic cadre positions are the major constraints for development.

d. Future Plan

The PGIM is planning to introduce new courses in sub-specialties and in the disciplines of pre-clinical studies.

I wish PGIM all success in its future endeavours.

Professor Kshanika Hirimburegama Vice Chancellor

19. Academic Activities

Registration

In the year 2011, a total of 2469 trainees including 723 new entrants were enrolled to follow training programmes leading to the degrees of MD and MSc, Postgraduate Diplomas, Certificate and Certificate of Competence (Table 2). Of them, 2112 trainees were following training programmes/courses of study locally while 357 trainees were undergoing training in overseas centers.

Academic emphasis in 2011

The academic emphasis in the year 2011 was centered on introducing of new training programmes, upliftment of quality of the existing training programmes and the introduction of new techniques enhancement of training and skills development of trainers. Series of Workshops was held throughout the year for training of trainers on various topics in order to equip the trainers with knowledge for smooth functioning of these programmes and to maintain the requested quality & standard.

Action was taken to improve and amend all training programmes and examinations by developing prospectus and revising the existing prospectus in order to improve the quality and standards of programmes and also comply with the recent development in Postgraduate Education.

The PGIM introduced the following assessments to during the year 2011:

- Introduction of Peer Team Rating (PTR) or Multi Sound Feedback (MSF) of PGIM training (Trainees & Trainers)
- Introduction of Pre Board Certification Assessment for Senior Registrar those who have completed local and overseas Post MD training.

New Specialties

During the year 2011 the Postgraduate Institute of Medicine introduced the following new sub specialties:

• Subspecialties in Opthalmology

- 1. Orbit & Oculoplasty
- 2. Cornea & External Eye Diseases
- 3. Paediatric Ophthalmology

• Subspecialties in Psychiatry.

- 1. Child Psychiatry
- 2. Forensic Psychiatry
- Sub-specialty training in Pulmonology leading to Board Certification.

- Sub specialty training programme in Clinical Pharmacology and Therapeutics
- Recognition of MD in Critical Care as a sub-specialty

The PGIM recognized MD in Critical Care as a specialty.

• Institution of New Specialty Board-MD in Emergency Medicine

24. Audit Report-2011

Report of the Auditor General on the Financial Statements of the Postgraduate Institute of Medicine Affiliated to the University of Colombo .for the year ended 31 December 2011 in terms of Section 108(2) of the Universities Act, No. 16 of 1978 and Section 13(7)(a) of the Finance Act, No. 38 of 1971.

The audit of financial statements of the Postgraduate Institute of Medicine Affiliated to the University of Colombo for the year ended 31 December 2011 comprising the balance sheet as at 31 December 2011 and the income statement, statement of changes in equity and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information, was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Section 13(1) of the Finance Act, No. 38 of 1971 and Section 20 of the Postgraduate Institute of Medicine Affiliated to the University of Colombo Ordinance No. 1 of 1980 enacted under Section 18 of the Universities Act, No. 16 of 1978. My comments and observations which I consider should be published with the Annual Report of the Postgraduate Institute of Medicine Act appear in this report.

1:2 Management's Responsibility for Financial Statements

The management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements whether due to fraud or error.

1:3 Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Institute's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institutes internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of financial statements. Sub sections (3) and (4) of Section 13 of the Finance Act, No. 38 of 1971 give discretionary powers to the Auditor General to determine the scope and the extent of the audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

1:4 Basis for Qualified Opinion

My opinion is qualified based on the matters described in paragraph 2.2 of this report.

- 2. Financial statements
- 2:1 Qualified Opinion

In my opinion, except for the effects of the matters described in paragraph 2:2 of this report, the financial statements give a true and fair view of the financial position of the Postgraduate Institute of Medicine as at 31 December 2011 and its financial performance and cash flows for the year then ended in accordance with Sri Lanka Accounting Standards .

- 2:2 Comments on Financial Statements
- 2:2:1 Sri Lanka Accounting Standards

The following observations are made.

- (a) According to Sri Lanka Accounting Standard No. 18 if the useful life of any fully depreciated asset is further used they should be revalued again. Even though 03 motor vehicles of the Institute had been fully depreciated those had not been revalued.
- (b) Action in terms of Sri Lanka Accounting Standard 24 had not been taken to compute and adjust the amortization on the assets purchased from the Government grants.
- (c) The cash flow statement had not been prepared in accordance with Sri Lanka Accounting Standard 9 and the following deficiencies were observed.
 - (i) Even though the interest income on investments received in the year under review amounted to Rs.5,309,248 the interest income had been overstated by a sum of Rs.1,106,100 as the interest income receivable had been recorded in the cash flow statement.

- (ii) Donations of library books valued at Rs.81,000 had been shown under the acquisition of property, plant and equipment in the cash flow statement.
- 2:2:2 Accounting Deficiencies

The following observations are made.

- (a) (i) The value of a motor vehicle disposed of amounting to Rs.148,300 had not been adjusted in the Motor Vehicles Account under the non-current assets in the balance sheet and as such the Motor Vehicles Account had been overstated by that amount.
 - (ii) The cost or the depreciation provision made in respect 249 items of unusable assets sold had not been adjusted in the respective ledger accounts.
 - (b) Even though the books amounting to Rs.6,118,106 included in the balance of Library books and Magazines had been fully depreciated by the year under review, provision amounting to Rs.1,223,621 had been made in the financial statement in the year under review.
 - (c) Even though the balance of the Stores Advance Account amounting to Rs.1,388,775 had been shown as the closing stock as at the end of the year in the financial statements, the stock balance according to the stock verification carried out on 29 December 2011 amounted to Rs.1,155,719. The reasons for the difference had not been examined and adjusted in the accounts.
- 2:2:3 Transactions not supported by Adequate Authority

A sum of Rs.237.372 had been paid in the year 2011 as the second and third languages proficiency allowances in accordance with the Circular Letter No. 6/2003 issued by the University Grants Commission contrary to the Public Administration Circulars No. 29/98, 29/98(i), 07/2007(i) and 02/2009.

2:2:4 Non-compliance with Laws, Rules, Regulations and Management Decisions

Non-compliance with the following laws, rules , regulations and management decisions were observed.

Reference to Laws, Rules, Non-compliance Regulations and Management Decisions

(a) Financial Regulation 371

(b) Financial Regulation 1646

- (i) Even though a period exceeding 03 years had elapsed after the grant of an advance of Rs.52,794 to the Library of the Institute situated in the premises of the University of Peradeniya and an advance of Rs.200,684 granted to the Library of the Postgraduate Institute of Medicine, those advances had not been settled as yet.
 - (ii) The advance granted for the book allowance of Rs.186,756 had not been recovered over a period of 03 years.
- Even though the Daily Running Charts and Monthly Summaries should be furnished to audit before the 15 day of the month following the Daily Running Charts of 04 motor vehicles of the Institute in respect of several months of the year under review had not been furnished to audit.
- (c) Public Administration Circular No. Even though the fuel consumption of motor 41/90 of 10 October 1990 vehicles should be tested once in every 06 Paragraph 2(ii) months, it had not been so done in connection with the motor vehicles of the Institute,

(d) Treasury Circular No. 812 of 1978

Even though a Register of Fixed Assets in Form General 287 should be maintained for the assets of the Institute, a Register of Fixed Assets had not been maintained for the fixed assets of the Postgraduate Institute of Medicine.

- (c) Public Enterprises Circular No. 95 Even though Payment of allowances other than those approved should have the approval of the Director General of Establishments, such approval had not been obtained for the payment of Rs.404,400 out of the Norwegian funds as staff allowance.
