MD (ANAESTHESIOLOGY) FINAL EXAMINATION – MARCH 2017

The above examination will commence on **9th March 2017**. The examination will be held in Colombo.

2. Applications are invited by me from medical officers possessing the following requirements to sit the above examination.

- (a) passed the MD (Anaesthesiology) Part IA and MD (Anaesthesiology) Part IB (Basic Sciences) examinations;

and

- (a) Satisfactory completion of the 2 ½ years full time clinical training programme as prescribed prospectus 2009.

Note :-

- (a) candidates possessing recognized foreign specialist qualification/s should make a formal application with documentations in order to be considered for exemption from the Parts IA and B and the Clinical training period, to sit the Final examination. Certified copies of the clinical appointments completed as prescribed in the regulations and the certified copies of primary/final examination certificates, must be forwarded for scrutiny by the Board of Study.
- (b) Only those whose Case Books have been already accepted and approved by the Board of Study would be eligible to sit the Final examination. Case Books should have been submitted at least 6 months before the examination.

3. The applicants to be eligible for enrolment to the Stages IV and V training programme should pass the MD (Anaesthesiology) Final examination. The format of the MD (Anaesthesiology) final examination for the perusal of applicant is described in the Prospectus 2009 and Examination documents which are available at the PGIM.

4. The MD (Anaesthesiology) examination shall consist of five components. ie Essay Paper, Short Answer Question Paper, Viva I, Viva 2 and Clinicals.

5. In order to pass the examination a candidate must obtain a minimum individual closed mark of **3, 3, 3, 3, 2** in each of the above five separate components of the examination.
6. The following special training will be offered to the candidates who pass the MD final examination and who may wish to do so; Cardio-thoracic Anaesthesia, Neuro Anaesthesia, Paediatrics Anaesthesia, Obstetrics Anaesthesia, Intensive Care, Pain Management. The details of above special training programmes are available in MD (Anaesthesiology) Prospectus- 2009. The Ministry of Health shall inform the available training posts before the results of the MD Examination are released or after. The selection will be based on merit.
- 7 Training leading to Board certification in Critical Care will be offered to candidates who pass the MD final examination and who may wish to do so. The Ministry of Health shall inform the available training posts before the results of the MD Examination are released or after. The details of the above programme is available in Prospectus – Board Certification in Critical Care-2013. The selection will be based on merit.
8. Past question papers are available for sale in the PGIM Library.
- 9 Candidates who are eligible to sit the MD final examination are required to be present for the first scheduled examination after completion of the training programme. If a candidate does not apply or does not sit the first scheduled examination, or subsequent scheduled examinations for reasons not acceptable to the Board of Study, the examinations will be counted as attempts.
10. Please note that **candidates are allowed only 6 attempts at the Final examination which must be made within a period of 8 years from the date of first examination.** This requirement will not apply to those candidates who have sat the MD (Anaesthesiology) Part IB examination before 1998. However after failing the fifth attempt the candidate should undergo a minimum period of one year further training before permitted the sixth attempt.
11. The allocation of training units will be done as described in “ General Regulation & Guidelines 2017” which is available on PGIM website <http://pgim.cmb.ac.lk/> The allocated training unit/s shall not be changed for personal reasons.
12. The candidates should commence the overseas training within five years after passing the MD Examination and if not the date of Board Certification will be delayed.
13. There should be no delay in submitting the dissertation or research report within the stipulated period as prescribed in the prospectus. If there is a delay, the Board Certification will be delayed accordingly.
14. The minimum duration of post MD training required to be eligible for Board Certification shall be one year local and one year overseas. However the duration may be more than two years in certain specialties and the information is available in the prospectus.
15. The candidates who shall commence the pre MD (Registrar) or Post MD (Senior Registrar) training after 1st August 2011 should pass the Pre- Board Certification Assessment to be eligible for Board Certification. The details are available at the PGIM for perusal.
