

14. MONITORING OF THE PROGRESS OF TRAINEES

Progress of all PGIM trainees will be monitored closely by trainers and Boards of Study. The overseas component of the post MD training programme will be monitored by the overseas trainer. Appropriate assessment and appraisal mechanisms are in place for trainees at Registrar and Senior Registrar level. Boards of Study will determine the format of these assessments. These will include progress reports and multisource feedback assessments. Trainees are expected to submit two multisource feedback assessments, one during Registrar training and one during local Senior Registrar training. These two multisource feedback assessments are an essential component of the portfolio submitted for PBCA.

A trainee may have to repeat a part or the entire training programme if he/she has not shown satisfactory progress, and this will delay the date of Board Certification.

If a trainee's conduct has been found to be unprofessional his/her trainee status may be terminated in terms of the provisions of the Disciplinary Code or the effective date of Board Certification may be delayed.
