### **Revision of Case Book Submission Guidelines for the MD (Medicine)**

As recommended by the Board of Management, the Senate approved the following revisions to the guidelines for Case Book Submission.

1. Trainees are expected to re-submit corrected case books at least 3 (three) months before the scheduled MD examination.
2. Exemption from submitting a case book.  
In instances where published articles are submitted in lieu of case book records, the trainee must make a written request for exemption from the Board of Study in Medicine, well in advance of the deadline for the submission of the case book.
