

Increase in the number OSCE stations for MD Surgery

As recommended by the Board of Management, the Senate approved the following with regard to the number of OSCE stations of the MD Surgery Examination. This will be applicable to candidates who sit the Selection Examination in Surgery from 26 July 2018.

1. Increase the number of OSCE stations from 10 to 12 (five minutes each)
2. To have a minimum of two communication skills related stations
3. Need to pass 9 out of 12 stations
4. No veto stations

BOM Approved – 07.07.2018

Senate Approved – 26.09.2018
