26th March 2020

To PGIM trainees in the UK and Australia

We have written to the respective High Commissioners for Sri Lanka in the UK and Australia regarding our PG trainees working in the two countries. We have appealed to the High Commissioners to:

1. Inform the health authorities in the UK and Australia regarding your safety concerns, and to impress upon the health authorities the importance of ensuring your safety while you perform your duties during the Covid-19 epidemic.
2. Facilitate the return to Sri Lanka for those of you who wish to do so.

The PGIM will do everything within its means to ensure your safety and other concerns while you are undergoing your overseas training during this difficult time. We are monitoring this rapidly changing situation. Please keep in touch with us whenever you feel the need to do so.
