MD (PSYCHIATRY) EXAMINATION (2013 PROSPECTUS) – SEPTEMBER 2022

1. The above examination will commence on **19th September 2022**.
2. Applications are invited from medical officers possessing the following requirements to sit the above examination.
 - (a) Have completed satisfactorily the 3 years clinical training under the supervision of a Consultant Psychiatrist in a Psychiatry Unit recognized by the Board of Study;
 - (b) A pass grade at the OSCE examination;
 - (c) Acceptance of the Casebook;
 - (d) A certificate of the Professionalism & Ethics in Medical Practices Strand organized by the PGIM should be submitted along with the application.

Notes: -

- (I) Candidates who hold an overseas postgraduate qualification (CCST or equivalent) in Psychiatry acceptable to the Board of Study in Psychiatry could apply for exemption from the Selection Examination in MD (Psychiatry) and the stipulated training in Stage I. They should apply in the first instance to the Board of Study with supportive documentation of their training programme.
- (II) Only those whose Case Books have been accepted and approved by the Board of Study would be eligible to sit the examination. No candidate will be allowed to attempt the examination if his/her Case Records Book has not been duly accepted and approved by the Board of Study. The Case Book should have been submitted at least 6 months before the examination.
- (III) The above criteria must be satisfied before the date of closure of applications for the MD (Psychiatry) examination.

3 The applicants to be eligible for enrolment to the Post MD training programme should pass the MD (Psychiatry) examination. The format of the MD (Psychiatry) examination for the perusal applicants is described in the **Prospectus 2013**.

4. The MD (Psychiatry) examination shall consist of Two components. ie **Written component**(MCQ Paper, Essay Paper and Structured Essay Paper), and **Clinical Component** (Long Case, Short Cases and Viva Voce on Patient Management Problems).

5. The candidate should obtain a minimum of 50% marks from each of the two components (i.e.theory component and clinical component) to pass the examination.

6 At the point of post MD allocation, the base specialty and any available subspecialties which are approved at the time of the post MD allocation will be offered to candidates, according to merit. The number of available base specialty and subspecialty training vacancies offered for Post MD training if any will be determined based on the vacancy list provided by the MOH prior to the postMD allocation.

7. Past question papers are available in the PGIM Library.

8 Candidates who are eligible to sit the MD examination are required to be present for the first scheduled examination after completion of the training programme. If a candidate does not apply or does not sit the first scheduled examination, or subsequent scheduled examinations for reasons not acceptable to the Board of Study, the examinations will be counted as attempts.

9. **Please note that candidates are allowed only 6 attempts at the final examination which must be made within a period of 8 years from the date of first examination.** However, after failing the fifth attempt the candidate should undergo a minimum period of one-year further training before permitted to sit for the sixth attempt.

10. The allocation of training units will be done as described in “ General Regulation & Guidelines 2022” which is available on PGIM website www.pgim.cmb.ac.lk The allocated training unit/s shall not be changed for personal reasons.

11. Post-MD trainees should commence post-MD overseas training within two (02) years after the expected date of completing local post-MD training. Any delay will be added to the date of effective Board Certification.

12. Post-MD trainees who delay commencing overseas post-MD training by more than four (04) years after the expected date of completing local post-MD training will have their trainee status terminated.

13. There should be no delay in submitting the dissertation or research report within the stipulated period as prescribed in the prospectus. If there is a delay, the Board Certification will be delayed accordingly.

14. The minimum duration of post MD training required to be eligible for Board Certification shall be one year local and one year overseas. However, the duration may be more than two years in certain specialties and the information is available in the prospectus.

15. The candidates should pass the Pre- Board Certification Assessment to be eligible for Board Certification. The details are in the PGIM website for perusal.

16. Following the completion of prescribed requirements for Board Certification including overseas training the prospective trainee should apply for Board Certification with the relevant documents within one month following the completion of such requirements. If this is not followed, the date of Board Certification will be delayed.
