6. Candidates who are eligible to sit the MD examination are required to be present for the first scheduled examination after completion of the training programme. If a candidate does not apply or does not sit the first scheduled examination or subsequent scheduled examinations for reasons not acceptable to the Board of Study, the examinations will be counted as attempts.
7. Please note that candidates are allowed only six (06) attempts at the MD Examination which must be completed within a period of eight (08) years from the date of the first examination. However, after failing the fifth (05) attempt the candidate should undergo a minimum period of one year further training before permitted the sixth (06) attempt.
8. The allocation of training units will be done as described in “General Regulation and Guidelines 2024” which is available on the PGIM website www.pgim.cmb.ac.lk and according to the approved procedures by the PGIM based on merit. The allocated training unit/s shall not be changed for personal reasons.
9. Post-MD trainees should commence post-MD overseas training within two (02) years after the expected date of completing local post-MD training. Any delay will be added to the date of effective Board Certification. Post-MD trainees who delay commencing overseas post-MD training by more than four (04) years after the expected date of completing local post-MD training will have their trainee status terminated.
10. The minimum duration of Post MD training required to be eligible for Board Certification shall be one year local and one year overseas. However the duration may be more than two years in certain specialties and the information is available in the prospectus.
11. There should be no delay in submitting the dissertation or research report within the stipulated period as prescribed in the prospectus. If there is delay, the Board Certification will be delayed accordingly.
