5. **Only a maximum of 12 candidates** from the **Ministry of Health (MOH)** who pass the Selection Examination will be enrolled in the training programme. Placements will be made purely on the order of merit. The details are available on the PGIM website under “General Regulations and Guidelines 2024”. **The 12th MOH candidate's marks will be taken as a cut-off line and the candidates in sections 07, 08, 09 and 10 will have to obtain a mark similar to this or above to be offered a place in the training programme.**
6. The final number of available training placements will be determined based on the total number of candidates above the cut-off line.
7. All candidates attached to **Other Government Ministries** who pass the selection examination and are above the cut-off line will be enrolled in the training programme in the order of merit.
8. All candidates attached to the **State Universities** who pass the selection examination and are above the cut-offline will be enrolled in the training programme in the order of merit.
9. All candidates from the **Armed Forces (including Police)** who pass the selection examination and are above the cut-off line will be enrolled in the training programme in order of the merit.
10. **All Non – State Sector** candidates who pass the selection examination and who are above the cut-off line will be enrolled in the training programme. They will be placed below the order of merit for candidates from the MOH, Other Government Ministries, State Universities and Armed Forces (Including Police) based on the merit within the non – state sector category.
11. The above numbers shall not be changed, nor shall requests for such changes be entertained following the examination and after the release of results.
12. Each year only the scheduled Selection Examination in the approved examination calendar will be held. **No repeat or additional examinations will be held.**
13. The allocation of training units will be done as described in “General Regulation and Guidelines 2024” which is available on the PGIM web site: <https://pgim.cmb.ac.lk/> The allocated training unit/s shall not be changed for personal reasons. The number of available subspecialty training vacancies offered for post MD training, if any, will be determined based on the vacancy list provided by the MOH prior to the allocation.
14. The permitted number of attempt of an eligible candidate at a particular MD Selection examination is limited to six (06). However, candidates who have already exhausted four (04) or more attempts would be allowed only two (02) more attempts. Those who have sat less than four (04) attempts would be allowed up to maximum total six (06) attempts. This regulation comes in to effect from 27.05.2020.
15. When a candidate is selected, he/she should register in the same year. If a candidate fails to do so, another eligible candidate will be selected. Any candidate who refuses to register in the current year, will not be permitted to register in the programme in a subsequent year with the same results unless a valid medical certificate from a consultant acceptable to the PGIM is submitted.
16. A fulltime release from the candidate’s current employer–i.e. Ministry of Health/ Other Government Ministries, Universities or by the Armed Forces- is a prerequisite for enrollment in all fulltime training programmes. It may be necessary to sign a bond before such enrollment if it is required by the candidate’s employer.

17. Post-MD trainees should commence post-MD overseas training within two (02) years after the expected date of completing local post-MD training. Any delay will be added to the effective date of Board Certification. The trainee status of trainees will be terminated in those who delay commencing overseas post-MD training by more than four (04) years after the expected date of completing local post-MD training.
18. There should be no delay in submitting the research report within the stipulated period as prescribed in the prospectus. Any delay will be added to the effective date of Board certification.
19. The minimum duration of post MD training required to be eligible for Board Certification should be one year local & one year overseas. However, the duration may be more than two years in certain specialties and the information is available in the prospectus.
20. The trainees must, within one (1) calendar month of satisfactory completion of the prescribed requirements, apply for Board Certification. All relevant documents must be submitted with the application. Failure to do so will result in a delay of effective date of Board Certification
21. The candidates should pass the Pre-Board Certification Assessment to be eligible for Board Certification. The details are available on the PGIM website.
